HAKKIMDA

As a second-year software engineering student, I have a strong foundation in problem-solving and algorithm development. Currently, I am focusing on improving my web design skills, but I am eager to explore other areas in the future. Additionally, playing the piano has helped me develop a keen sense of attention, discipline, and creativity, which I bring to my approach to software development. The synergy between music and technology inspires me to continuously learn and grow. I am passionate about creating innovative solutions that combine technical expertise with a unique perspective.

KURS & SERTİFİKA

The Associated Board of the Royal Schools of Music

As a dedicated and results-oriented individual, I have a proven track record of achieving my goals. My passion for music is reflected in my academic pursuits, as evidenced by my Distinction in the Royal Academy of Music Grade 1 exam. This accomplishment demonstrates my ability to focus, practice diligently, and excel under pressure. | 2023
